

Transitions Committee Meeting
October 8, 2014
Biology Clock Tower
9:30 - 10:30

Absent: Alesa Walker, Kelly Kleinhans, Meagan Smetana, Tressa Ross, Melanie Brooks

Dr. Whaley welcomed the group. This will be a short but purposeful meeting to develop core values.

Progress of Collegiate Committees:

Dr. Hansen stated that she would like to see the committee minutes posted on the COEHS intranet for transparency and accreditation needs. Dr. Lyons stated he has discussed this with Ginny Kelley in the KATE office regarding the option of posting the minutes and she is willing to do so. The committee agreed this would be the most viable option. Dr. Rogers stated that the COEHS has a QEP committee member (Dr. Meagan Musselman) and would like to add that to the committee list. Katie Hancock, CRJ faculty, has been named as chair of the undergraduate studies committee.

Overall Transition

There was not any outstanding issues with the transition as reported by the members, at this time. Dr. Jacobs was pleased to see the opportunity for collaboration grants. The next big project is merging the two policy manuals.

Core Values and Collegiate Mission and Vision

Dr. Lyons recapped the earlier work done creating a set of core values that would lead to a collegiate mission and vision. Dr. Lyons led the group through an analysis of the core value descriptors and audit the language. At the next committee meeting, the members will finalize the work. The results will be shared across the college and constituents.

Meeting adjourned at 10:30am.
